I welcome a list of your favorite songs as well as the songs you don't want to hear. If you have any "FAVORITES" or any "DO NOT PLAY" songs, you can use our "SONG REQUEST PLANNER" to list them. Please remember that I can only play only 15-16 songs per hour. If you give me a few of your favorite songs, this will allow me to work them in at just the right time, keeping the energy in the room up, and all of your guests having a great time! Being able to "read the crowd" is a trait of being a great DJ. Giving me the freedom to control the sequence of the songs will keep the energy high and your party flowing in the right direction. Remember, the "best songs" are those that appeal to the majority of your guests.
